

## MEDIA RELEASE

---

For Immediate Release

19 August 2004

### WINEGRAPE INDUSTRY URGED TO ATTEND RESEARCH FORUM

Members of the Sunraysia-Riverland winegrape industry are urged to attend the Riverlink Winegrape Industry Research & Development Forum, to be held at 9.00am on Wednesday 25 August at the Department of Primary Industries Mildura.

Held annually, the forum has become a popular event on the regional calendar, encouraging close communication and interaction between science and industry. The program for this year's event includes an overview of current winegrape-related research and regional winegrape industry directions, and attendees will participate in setting priorities for future research and development. Resulting outcomes will influence future planning for research within the tri-state Riverlink horticultural research network.

Growers and industry members wishing to attend or requiring further information can contact Merryl Whyte or Mehreen Naqvi-Sherazee on 03 50514500 or [merryl.whyte@dpi.vic.gov.au](mailto:merryl.whyte@dpi.vic.gov.au)
